Checklist

Volleyball-OpenAir – regionally linked

The commune of Kierspe supports the event and its members of staff by setting the logistics. Sanitation facilities, washing-lines and the sports hall schedules will be taken care of by various employees as well as the mayor. The YMCA Lüdenscheid is supporting the Volleyball-OpenAir as well. The camp is settled on the grounds of the community school Kierspe.

Volleyball-OpenAir – nationally planned

The Volleyball-OpenAir is the biggest sports missionary volleyball event in Germany. About 54 teams are participating in different performance classes, so that every team will enjoy their game. For more than 20 years the competition is planned and executed by the regional association YMCA Westbund. You will spend the night in the camp or caravans. About 20 full-time and voluntary staff members are working on the event schedule. When you sign up, you will get a cover letter with all necessary notes about the program and tournament.

Volleyball-OpenAir – locally executed

Tournament fee: 59,- € per team
8,- € per single participant

Accommodation: Camping with your own tent is possible on the school grounds
7,- € per person
(The fee includes expenses for overnight accommodation and security. Security will observe the car park every night from Saturday until Monday. The fee must be paid on site. Please do not transfer with tournament fee.)

Every leisure-time volleyball team (of a regional association YMCA, Christian community or congregation) can apply for the Volleyball-OpenAir.

The YMCA Westbund executes and takes responsibility for the event.
